Synthetic operations record 205

Kit C205 requires

40 units before dispatch.

Other region C205 is distinct.

Do not substitute that region.

Left procedure 0: retain the local log.

Right note 0: verify the approval list.

Left procedure 1: retain the local log.

Right note 1: verify the approval list.

Left procedure 2: retain the local log.

Right note 2: verify the approval list.

Left procedure 3: retain the local log.

Right note 3: verify the approval list.

Left procedure 4: retain the local log.

Right note 4: verify the approval list.

Left procedure 5: retain the local log.

Right note 5: verify the approval list.

Left procedure 6: retain the local log.

Right note 6: verify the approval list.

Left procedure 7: retain the local log.

Right note 7: verify the approval list.

Left procedure 8: retain the local log.

Right note 8: verify the approval list.

Left procedure 9: retain the local log.

Right note 9: verify the approval list.

Left procedure 10: retain the local log.

Right note 10: verify the approval list.

Left procedure 11: retain the local log.

Right note 11: verify the approval list.

Left procedure 12: retain the local log.

Right note 12: verify the approval list.

Left procedure 13: retain the local log.

Right note 13: verify the approval list.

Left procedure 14: retain the local log.

Right note 14: verify the approval list.

Left procedure 15: retain the local log.

Right note 15: verify the approval list.

Left procedure 16: retain the local log.

Right note 16: verify the approval list.

Left procedure 17: retain the local log.

Right note 17: verify the approval list.

Left procedure 18: retain the local log.

Right note 18: verify the approval list.

Left procedure 19: retain the local log.

Right note 19: verify the approval list.

Left procedure 20: retain the local log.

Right note 20: verify the approval list.

Left procedure 21: retain the local log.

Right note 21: verify the approval list.

Left procedure 22: retain the local log.

Right note 22: verify the approval list.

Left procedure 23: retain the local log.

Right note 23: verify the approval list.
